

Hahana Practical Training DVD & Stone Massage Manual

At long last, the Hahana Practical Training DVD is now available. Coupled with the Hahana Stone Massage Training Manual (available for the first time independent of training), this education pack is an invaluable resource for any therapist.

Based on Hahana Stone Massage's highly successful hands-on training, the DVD and Manual cover a 90 minute full body massage, and teaches Massage, Beauty and Spa therapists ergonomic, Hawaiian Lomi-Lomi techniques, that can greatly reduce the pressure placed on the hands and wrists.

Take your Hot Stone Massage to a level rarely achieved by most therapists.

Available exclusively from Hahana Stone Massage – www.hahana.com.au, 1300 793 597.

Hahana Stone Massage Double-CD - A State of Being...

Two hours of soothing and relaxing, ambient soundscapes which have been chosen for the enjoyment of both client and therapist.

Each CD is a full 60 minutes (uninterrupted) of flowing and melodic relaxation music. Either disc can be used on it's own for shorter treatments, or played one after the other for longer Spa rituals, flowing beautifully into each other.

This is the soundtrack to the "Hahana Practical Training DVD", and is available exclusively from Hahana Stone Massage – www.hahana.com.au, 1300 793 597.
