Press Release

Hens parties now at wellness@port

After having a successful trial runs earlier this year **wellness@port** – is now officially offering exclusive hens parties at the spa. Women seemed to have been waiting for this alternative as spa parties are becoming increasingly popular.

Located in the heart of Port Douglas the day spa's design creates a most tranquil and relaxed environment. Generous space, light colours, natural materials, and a cozy interior offer the feeling of well-being and privacy. The facilities include steam room, Ocean Wave, change rooms, showers and a relaxation area with Mountain View. The entire spa can be booked for several hours. Besides selected treatments everyone can enjoy complementary steam room and Ocean Wave (dry hydro therapy). Catering services are available on request.
